PROFESSIONAL SUMMARY

Results-driven professional with 5+ years of cross-functional experience spanning entrepreneurship, business development, presentation design, and app development. Currently transitioning into Product Management with hands-on experience collaborating directly with C-suite leadership (COO) to design and develop an internal workflow management tool — covering employee utilisation tracking and leave management. Demonstrates a rare combination of design craft, analytical problem-solving, and entrepreneurial ownership. Passionate about building user-centric products that solve real business problems.

UI/UX & Visual Communication
App Development (MERN Stack)
AI Tools (Claude Code, Gemini)

Business Development
Entrepreneurship & Leadership
Analytical & Logical Thinking
Cross-Functional Collaboration

PROFESSIONAL EXPERIENCE

Presentation Designer & Product / App Developer

SlideXpress Pvt Ltd

Jan 2024 – Present

Mumbai, India

Presentation Design:

- Design high-impact, client-facing presentations across diverse industries, translating complex business data and strategy into clear, compelling visual narratives
- Collaborate directly with stakeholders to align design output with strategic business objectives and audience needs
- Manage multiple concurrent projects with consistent on-time, high-quality delivery
- Recognised as Team Member of the Month (August 2025) for outstanding performance, quality of work, and client satisfaction

Product Development — COO Collaboration (Dec 2025 – Present):

- Transitioned into a strategic product role, working directly with the Chief Operating Officer to identify operational inefficiencies and define solutions
- Led product discovery and requirements gathering, contributing to product strategy at the leadership level — bridging business objectives with technical execution
- Serve as a cross-functional bridge between design thinking, engineering, and business strategy — demonstrating a core product management competency

Internal Workflow Management Tool (Dec 2025 – Present):

- Independently developed a full internal operations platform to improve team productivity and resource management

- **Employee Utilisation Tracking:** Built a real-time dashboard to monitor individual and team workload distribution across active projects, enabling data-driven capacity decisions
- **Leave Management System:** Designed and implemented a complete leave request, approval workflow, and balance tracking module, reducing manual HR coordination
- **Workflow Automation:** Automated project assignment and capacity planning processes, eliminating manual scheduling overhead and improving team efficiency
- Gained end-to-end product lifecycle experience: problem discovery → requirements definition → design → development → deployment

Presentation Designer

Integreon Managed Pvt Ltd

2021 – 2023

Mumbai, India

- Created professional, high-quality presentations for global corporate clients across financial services, consulting, and technology sectors
- Managed 5–8 concurrent client projects with consistent delivery against tight deadlines and strict quality standards
- Collaborated closely with client teams to understand business context and deliver presentations that supported key strategic communications
- Balanced visual design quality with precise business storytelling, resulting in high repeat client engagement
- Awarded Employee of the Month twice for exceptional performance, superior output quality, and proactive client communication

Business Development Associate

UFaber Edutech

2020 – 2021

Mumbai, India

- Identified and qualified new business opportunities through market research, outreach, and relationship development
- Built and maintained client relationships, contributing to consistent revenue pipeline growth
- Gained foundational understanding of user pain points, B2B sales cycles, and market dynamics — skills directly applicable to product management

Co-Founder & Entrepreneur

Self-Founded Ventures

Prior to 2020

Mumbai, India

- Co-founded two consumer café brands from inception, managing end-to-end operations including brand strategy, team management, and customer experience design
- Developed deep empathy for customer needs and operational efficiency — foundational skills for product ownership and management
- Cultivated an ownership mindset, bias for action, and systems-level thinking that defines professional approach across all subsequent roles

EDUCATION

Bachelor of Engineering — Electrical Engineering

Mumbai University

Graduated

Mumbai, India

Strong analytical and systems-thinking foundation. Engineering background enables effective communication with technical teams and informs structured problem-solving in product contexts.

Higher Secondary Certificate (HSC)

Mumbai

Secondary School Certificate (SSC)

Mumbai

AWARDS & RECOGNITION

- **Team Member of the Month — SlideXpress Pvt Ltd (August 2025):** Recognised for outstanding performance, exceptional work quality, and significant contribution to team goals.
- **Employee of the Month x2 — Integreon Managed Pvt Ltd:** Awarded twice for exceptional performance, superior quality of output, and high client satisfaction scores.
